

Stanisław Będkowski  
Stanisław Hrabia  
**Witold Lutosławski. Discography**

The Discography presented below is an updated and revised version of a list of recordings published for the first time in Stanisław Będkowski, Stanisław Hrabia *Witold Lutosławski. A Bio-Bibliography* (Westport-London 2001). It contains recordings published before the end of the year 2008, arranged alphabetically by title of work and then also alphabetically by name of performer(s) and chronologically by date of recording and/or publishing. The title of each composition is given as the composer first named it (usually in Polish) – only titles like ‘symphony’ and ‘quartet’ are given in English. An alphabetical list of different versions of the titles of Lutosławski’s compositions, with reference to the original title of the work, can be found in the Appendix to the book mentioned above.
